

Library

A Library is the heart, mind and soul of an educational institution and a fountain head of innovativeness, inspiration and insight both for the students and the faculty. Learning and library are to each as the light to the lamp. The library is housed in a spacious section of the College building. It has been systematically and steadily strengthened. It houses more than 4766 commendably classified Text books and Reference books, apart from a sizeable number of Research Journals and Magazines available in the Reading Room for the enhancement of the knowledge of the students.
